

Dear Business Owner,

The Tucson High Girls' Volleyball Booster Club is currently raising money to support our teams with equipment needs, tournament fees, uniforms, and other season related costs. The largest season related costs is meal money when we travel to Phoenix. During the 2018-2019 season our booster club spent \$3,200 on meals for our 40 athletes. Because we are the ONLY 6A school in Tucson we travel up to Phoenix to play teams in our division 7 or 8 times a season. TUSD only provides \$2.50 per student per meal and this leaves our booster club/players covering the rest of their meal.

We do provide ways for our players to fundraise for our season by selling cookie dough, program t-shirts, and having car washes. However we know that reaching out to the Tucson business community can also help alleviate the large costs associated with running our volleyball program.

In exchange for your sponsorship, we are offering advertising in our gym at Tucson High

- \$100 2' X 2' banner in the gymnasium to be displayed for the entire season
- \$200 2' X 4' banner in the gymnasium to be displayed for the entire season
- \$400 4' X 4' banner in the gymnasium to be displayed for the entire season  
Display ad on THMS Boys Volleyball website for 12 months

Throughout our season thousands of people in our community come to watch our games as well as other THMS functions that are held in the gym. More than 3400 students attend THS and are in the gym throughout the school day. In addition to supporting our program, you will be getting some valuable exposure for your business.

The Tucson High girls' volleyball program is not just about winning. We are also about teaching our players the importance of integrity, responsibility, discipline, and teamwork. We know that our athletes are students first and volleyball players second. To remain eligible to play, we require all our athletes to maintain at least C's in their classes. (*TUSD policy requires that athletes maintain D's to stay eligible.*) For the past two seasons this policy has helped all of our seniors go on to four-year colleges after high school

If you would like to learn more about THS girls' volleyball, please visit [www.thsvolleyball.com](http://www.thsvolleyball.com). Thank you for your time and your donation!

Gratefully,

THMS Girls' Volleyball Boosters
